

## **Summary of Rice Related Activities in Africa**

**- From 2008 up to Present and Future Plans -**

### **(African Development Bank)**

- As for the 1<sup>st</sup> Group countries, the Bank has a number of ongoing agriculture and rural development projects in all the twelve countries, ranging from rice specific to rice related development activities.
- As for the 2<sup>nd</sup> Group countries, the comment for the 1<sup>st</sup> group countries also applies.
- In 2008 and 2009, the Bank Group financed 29 broad agricultural operations (8 agricultural projects in 2008 covering areas such as infrastructure, irrigation, horticulture, multi-sector and natural resource management operations; 21 projects in 2009, spread over 15 countries and 2 multinational). The approved operations basically reinforce the Bank's strategic commitment to the development and support of agriculture infrastructure and mainstreaming of climate change adaptations and resilience into new and existing projects.
- The 2010 -2014 workplan includes a number of rice related projects mainly focused on agricultural infrastructure. The 2010-2014 pipeline of projects also includes a number of regional activities: (i) 2011-Capacity Building for Agriculture Ministries, (ii) 2014-Barrages de Sambagalou and Bidigor/Irrigation Component, (iii) 2014-Barrages de Fomi et Taoussa/ Irrigation Component, (iv) 2011-West Africa\_Amélioration des revenues des filières agricoles Phase I (Projet de mise en valeur des Bas-fonds), (v) 2014-West Africa\_Amélioration des revenues des filières agricoles Phase II, (vi) 2011-Programme Riz, (vii) 2011-Support to Agricultural Research (CGIAR) and (viii) 2012-Projet d'appui au programme régional de sécurité alimentaire.
- For the implementation of the 2010-2014 pipeline, the Bank is considering full partnership cooperation/collaboration for possible co-financing.
